**TO WHOM IT MAY CONCERN**

**Necessary experiments and analyzes were carried out for the herbal product given as a result of the contract between Özden Kimya ve Plastik San. A.S. and Gazi University on 21.02.2019**

**The sample given to us called Smart Herbal Cleaner was examined and as a result, it was revealed that the Smart Herbal Cleaner, which does not contain alcohol, can be used as a multi-purpose cleaner and stain remover classified as public and personal areas.**

**Prof. Dr. Elif LOĞOĞLU**

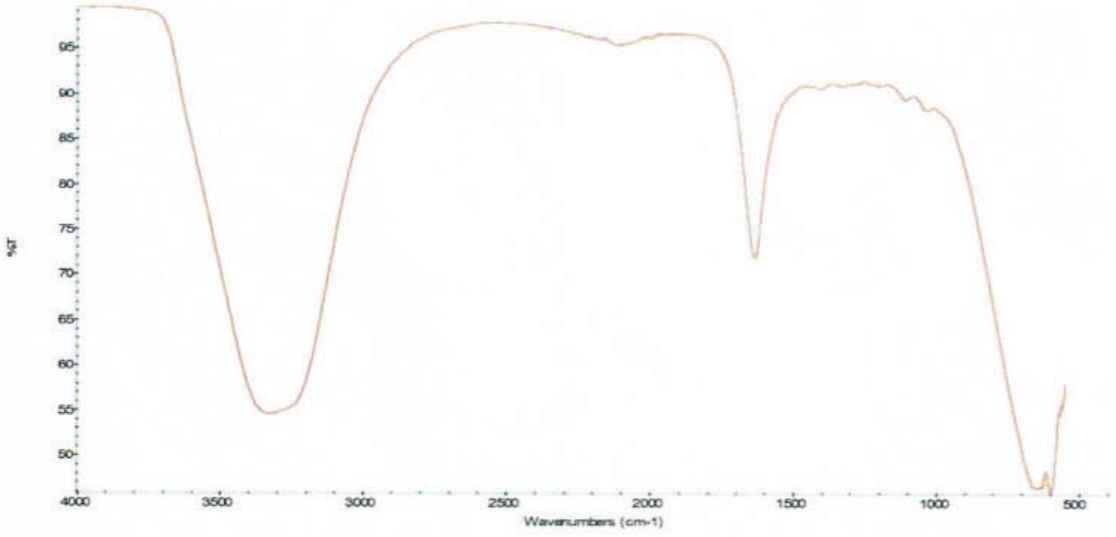

**Gazi Üniversitesi Fen Fakültesi**

**Kimya Bölümü öğretim üyesi**

**Prof. Dr. Orhan Açar**

**Gazi Üniversitesi Fen Fakültesi Dekanı**

**The results of the analysis made from the sample given by Özden Kimya ve Plastik San. A.Ş. are shown in the graphic below.**

**As a result of IR analysis, it is seen that the sample does not contain alcohol since it does not contain aliphatic carbon.**
